

Min Jeong

Min.Jeong@utdallas.edu • ORCID: 0009-0005-7632-9237

EDUCATION

The University of Texas at Dallas

Ph.D. in Geospatial Information Science

• Advisor: Prof. Yongwan Chun

Aug 2025 – present

Dallas, TX, US

The University of Seoul

M.S in Geoinformatics

• Advisor: Associate Prof. Hyeongmo Koo

• Cumulative GPA: 4.00 / 4.00

Mar 2024 – Aug 2025

Seoul, Korea

The University of Seoul

B.S in Geoinformatics

• Modular Curriculum: Spatial Big Data

• Cumulative GPA: 3.39 / 4.00

Mar 2020 – Feb 2024

Seoul, Korea

PUBLICATION

• Koo, H., Yoo, M., Kang, H., Cho, Y., & Jeong, M. (2026). Evaluating the Integration of Spatial Features in Machine Learning for Model Accuracy and Residual Autocorrelation. *Transactions in GIS*, 30(2), e70230.

• Kang, H., Jeong, M. & Koo, H. (2024). Spatial clustering with contiguity constraint for improving prediction accuracy in spatial machine learning, *Journal of the Korean Society of Surveying, Geodesy, Photogrammetry and Cartography*, 42 (4), 327-338. (in Korean)

PRESENTATION

- Jeong, M. and Chun, Y. “Incorporating spatial eigenvectors into machine learning models for spatial interaction analysis”, 2026 AAG Annual Meeting, San Francisco, California, USA Mar 2026
- Jeong, M., Yoo, M., Kang, H., Cho, Y. and Koo, H. “Impacts of spatio-temporal variation sources on machine learning based spatio-temporal kriging”, 2025 Korea Society for Geospatial Information Science Spring Conference, Wonju, Korea May 2025
- Kang, H., Jeong, M. and Koo, H. “Spatial clustering with contiguity constraint for improving prediction accuracy in spatial machine learning”, 2024 Korean Society of Surveying and Korean Society of Geographic Information Systems Joint of Fall Academic Conference, Jeju, Korea Nov 2024
- Jeong, M., Kang, H., Yoo, M. and Koo, H. “Improving prediction accuracy through spatially constrained hierarchical clustering in machine learning models”, 2024 Korea Society for Geospatial Information Science Spring Conference, Chuncheon, Korea May 2024
- Seo, H., Jeong, M. and Koo, H. “Improving land feature classification precision focused on topography and elevation using machine learning”, 2023 GeoAI Data Science Society Spring Conference, Busan, Korea June 2023

HONORS & AWARDS

- Association of American Geographers SAM Travel Award, Spatial Analysis & Modeling Specialty Group Mar 2026
- Research Capability Enhancement Grant, University of Seoul Aug 2025
- Graduate Student Outstanding Paper Support Fund, University of Seoul Jun 2025
- Excellent Paper Award, Korea Spatial Information Society May 2025
- University Innovation Support Scholarship, University of Seoul Sep 2024
- Graduate Research Scholarship, University of Seoul Sep 2024
- University Innovation Support Scholarship, University of Seoul Mar 2024
- Excellence Award, Korea Spatial Information Society Jun 2023
- Academic Award, University of Seoul May 2023
- Encouragement Award, The Korean Society of Survey, Geodesy, Photogrammetry, and Cartography Capstone Design Contest Feb 2023
- Grand Award, Seoul Digital Spatial Data Utilization Contest Dec 2022
- Award for Contributions, University of Seoul Nov 2022
- Student Leader Scholarship, University of Seoul Nov 2022
- All For Land Scholarship, All For Land Inc. Oct 2022
- Student Leader Scholarship, University of Seoul Jun 2022
- All For Land Scholarship, All For Land Inc. Apr 2022
- LX Scholarship, Korea Land and Geospatial Informatix Corp. Mar 2022

RESEARCH EXPERIENCE

- | | |
|---|-------------------------------------|
| • Research capacity-building program
conducting convergent research to solve societal problems | Apr 2025 – Jul 2025
Seoul, Korea |
| • Environment-safety-policy specialized graduate school
support project based on climate change water-energy convergence | Mar 2024 – Jul 2025
Seoul, Korea |
| • Improving machine learning techniques
by using spatial input variables | Mar 2023 – Jul 2025
Seoul, Korea |
| • Enhancing machine learning techniques
by reflecting spatial data characteristics | Sep 2022 – Jul 2025
Seoul, Korea |
| • Generating and verifying
land cover map data | Oct 2021 – Dec 2021
Seoul, Korea |

TEACHING EXPERIENCE

- | | |
|--|---|
| • Teaching Assistant
World Regional Geography | Jun 2026 – present
University of Texas at Dallas, USA |
| • Teaching Assistant
Applied Geographic Information Systems | Jan 2026 – May 2026
University of Texas at Dallas, USA |
| • Lab Instructor and Teaching Assistant
Digital Earth | Aug 2025 – Dec 2025
University of Texas at Dallas, USA |
| • Lab Instructor and Teaching Assistant
Fundamentals of Geospatial Information Sciences | Sep 2024 – Dec 2024
University of Seoul, Korea |
| • Tutor
University Tutoring Program | Apr 2024 – Dec 2024
University of Seoul, Korea |

INTERESTS

- Spatial Statistics
- Machine Learning
- Spatial Analysis
- Geographic Information Sciences

COMPUTER SKILLS

- GIS: ArcGIS Pro, QGIS
- Remote Sensing: ER Mapper
- Spatial Statistical Analysis: R
- Programming: Python, C#
